TERMS AND CONDITIONS OF SALE OF FRISCO (UK) SALES LIMITED

Application of Conditions

[a] The Seller shall sell and the Buyer shall purchase the Goods in accordance with any quotation or offer of the Seller which is accepted by the Buyer, or any order of the Buyer which is accepted by the Seller, [b] Unless otherwise agreed in writing between the Seller and the Buyer, these Conditions shall govern the Contract to the exclusion of any other terms and conditions subject to which any such quotation is accepted or purported to be accepted, or any such order is made or purported to be made, by the Buyer.

Interpretation

"Business Day" means any day other than a Saturday, Sunday or bank holiday;

"the Buyer" means the person who accepts a quotation or offer of the Seller for the sale of the Goods or whose order for the Goods is accepted by the Seller;

"the Contract" means the contract for the purchase and sale of the Goods under these conditions;

"these" means the standard terms and conditions of sale set out in

Conditions" this document and [unless the context otherwise requires] includes any special terms

and conditions agreed in writing between the Buyer and the Seller;

"Delivery Date" means the date on which the Goods are to be delivered as accepted by the Seller;

"the Goods" means the goods (including any instalment of the goods or any parts for them) which

the Seller is to supply in accordance with these Conditions;

"month" means a calendar month;

"the Seller" means Frisco (UK) Sales Limited a company registered in England under 1551925 and includes all employees and agents of Frisco (UK) Sales Limited

"writing" includes any communications effected by telex, facsimile transmission, electronic mail or any comparable means. Any reference in these Conditions to a statute or a provision of a statute shall be construed as a reference to that statute or provision as amended, re-enacted or extended at the relevant time.

Basis of Sale

[a] The Seller's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by the Seller in writing. In entering into the Contract the Buyer acknowledges that it does not rely on, and waives any claim for breach of, any such representations which are not so confirmed. [b] No variation to these Conditions shall be binding unless agreed in writing between the authorised representatives of the Buyer and the Seller. [c] Sales literature, price lists and other documents issued by the Seller in relation to the Goods are subject to alteration without notice and do not constitute offers to sell the Goods which are capable of acceptance. An order placed by the Buyer may not be withdrawn cancelled or altered prior to acceptance by the Seller and no contract for the sale of the Goods shall be binding on the Seller unless the Seller has issued a quotation which is expressed to be an offer to sell the goods or has accepted an order placed by the Buyer by whichever is the earlier of: (i) the Seller's written acceptance; (ii) delivery of the Goods; or (iii) the Seller's invoice.

Orders and Specifications

[a] No order submitted by the Buyer shall be deemed to be accepted by the Seller unless and until confirmed in writing by the Seller's authorised representative. [b] The specification for the Goods shall be those set out in the Seller's sales documentation unless varied expressly in the Buyer's order (if accepted by the Seller). Illustrations, photographs or descriptions whether in catalogues, brochures, price lists or other documents issued by the Seller are intended as a guide only and shall not be binding on the Seller. [c] The Seller reserves the right to make any changes in the

specification of the Goods which are required to conform to any applicable safety or other statutory or regulatory requirements or, where the Goods are to be supplied to the Seller's specification, which do not materially affect their quality or performance.

Price

[a] The price of the Goods shall be the price listed in the Seller's published price list current at the date of acceptance of the Buyer's order or such other price as may be agreed in writing by the Seller and the Buyer. [b] Where the Seller has quoted a price for the Goods other than in accordance with the Seller's published price list the price quoted shall be valid for 5 days only or such lesser time as the Seller may specify. [c] Any settlement discount specified by the Seller in the Contract will be allowed by

the Seller to the Buyer in respect of Goods for which payment is received by the Seller on or before the due date and otherwise in accordance with the payment terms set out in these Conditions and provided that no other amounts owing by the Buyer to the Seller are overdue and unpaid. [d] Except as otherwise stated under the terms of any quotation or in any price list of the Seller, and unless otherwise agreed in writing between the Buyer and the Seller, all prices are inclusive of the Seller's charges for packaging and transport. [e] The price is exclusive of any applicable value added tax excise, sales or taxes or levies of a similar nature which are imposed or charged by any competent fiscal authority in respect of the Goods, which the Buyer shall be additionally liable to pay to the Seller.

Payment

[a] Subject to any special terms agreed in writing between the Buyer and the Seller, the Seller shall invoice the Buyer for the price of the Goods on or at any time after delivery of the Goods, unless the Goods are to be collected by the Buyer or the Buyer wrongfully fails to take delivery of the Goods, in which event the Seller shall be entitled to invoice the Buyer for the price at any time after the Seller has notified the Buyer that the Goods are ready for collection or [as the case may be] the Seller has tendered delivery of the Goods. [b] The Buyer shall pay the price of the Goods (less any discount or credit allowed by the Seller, but without any other deduction credit or set off) within 30 days of the end of the month of the date of the Seller's invoice or otherwise in accordance with such credit term as may have been agreed in writing between the Buyer and the Seller in respect of the Contract. Payment shall be made on the due date notwithstanding that delivery may not have taken place and/or that the property in the Goods has not passed to the Buyer. The time for the payment of the price shall be of the essence of the Contract. Receipts for payment will be issued only upon request. [c] All payments shall be made to the Seller as indicated on the form of acceptance or invoice issued by the Seller. [d] The Seller is not obliged to accept orders from any customer or buyer who has not supplied the Seller with references satisfactory to the Seller; if at any time the Seller is not satisfied as to the creditworthiness of the Buyer it may give notice in writing to the Buyer that no further credit will be allowed to the Buyer in which event no further goods will be delivered to the Buyer other than against cash payment all amounts owing by the Buyer to the Seller shall be immediately payable in cash.

Delivery

[a] Delivery of the Goods shall be made by the Seller delivering the Goods to the place so specified in the Buyer's order and/or the Seller's acceptance or, if no place of delivery is so specified, by the Buyer collecting the Goods at the Seller's premises at any time after the Seller has notified the Buyer that the Goods are ready for collection. [b] The Delivery Date is approximate only and time for delivery shall not be of the essence unless previously agreed by the Seller in writing. The Goods may be delivered by the Seller in advance of the Delivery Date upon giving reasonable notice to the Buyer. [c] If the Buyer fails to take delivery of the Goods or any part of them on the Delivery Date and/or fails to provide any instructions, documents, licences, consents or authorisations required to enable the Goods to be delivered on that date, the Seller shall be entitled upon given written notice to the Buyer to store or arrange for the storage of the Goods and risk in the Goods shall pass to the Buyer, delivery shall be deemed to have taken place and the Buyer shall pay to the Seller all costs and expenses including storage and insurance charges arising from such failure.
